

# **KubixSquare July Internship**

## **Front-End Team 6**

### **Final Report**

**P.S.:Create a fully functional website (ex Merklebits) using react technology.** Merklebits is a parent company which has many ventures in different domains. Website should look professional, user friendly UI and shouldn't take much loading time. Ventures can be assumed in e-commerce, education, digital marketing and finances. The Website should use three.js library to make it more interactive and give a unique look

#### **Members:**

Akshay Giridharan

Anushka Patil

Yashodeep Pawar

Alaster Cheeramkuzhyil

Avnish Raut

#### **Final Report :**

**1)First we did research on the topic**

**2)we divided the parts among us**

**3) The main page is build using React and the other pages are basic**

**We have also added animations in the main page**

**4) We tried to implement others in React as well but it had some issues**

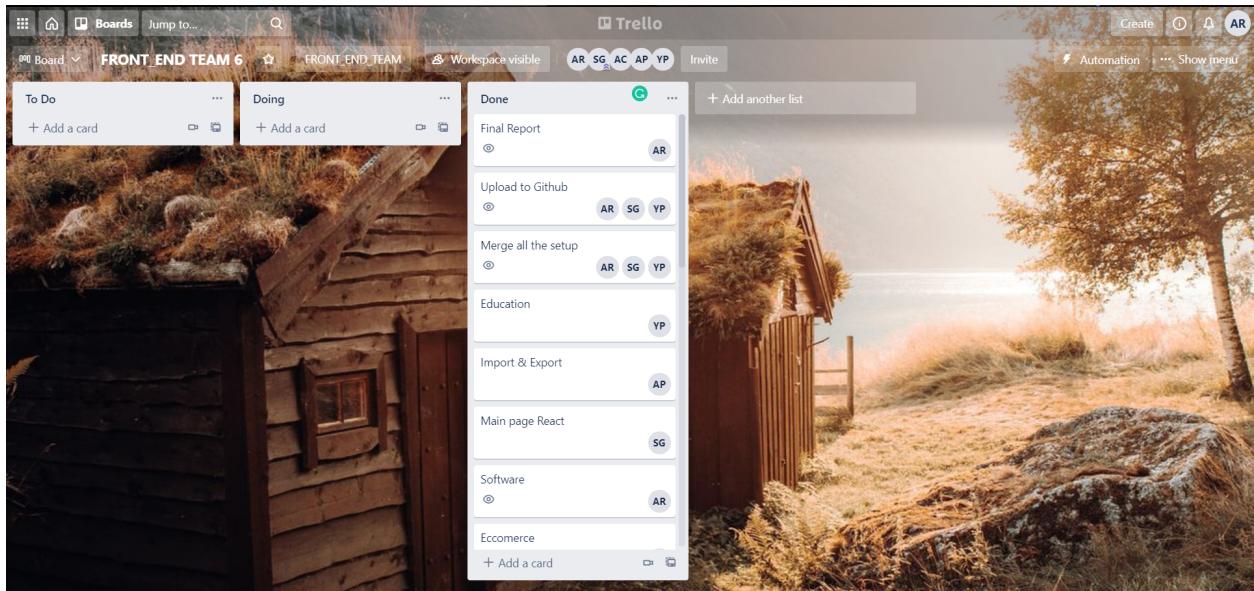

**5) We were not able to implement three js as it would take a long time to learn and implement**

**6)We had a great experience working as a team and would like to thank KubixSquare for giving us the opportunity**

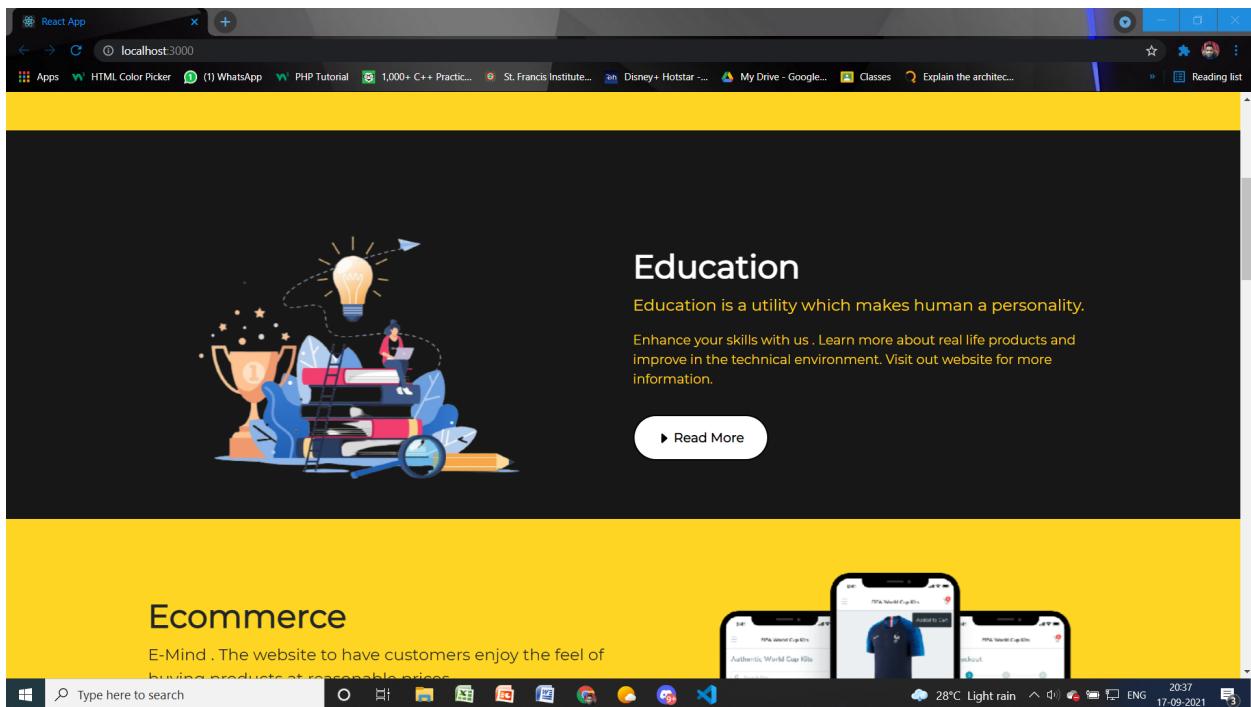

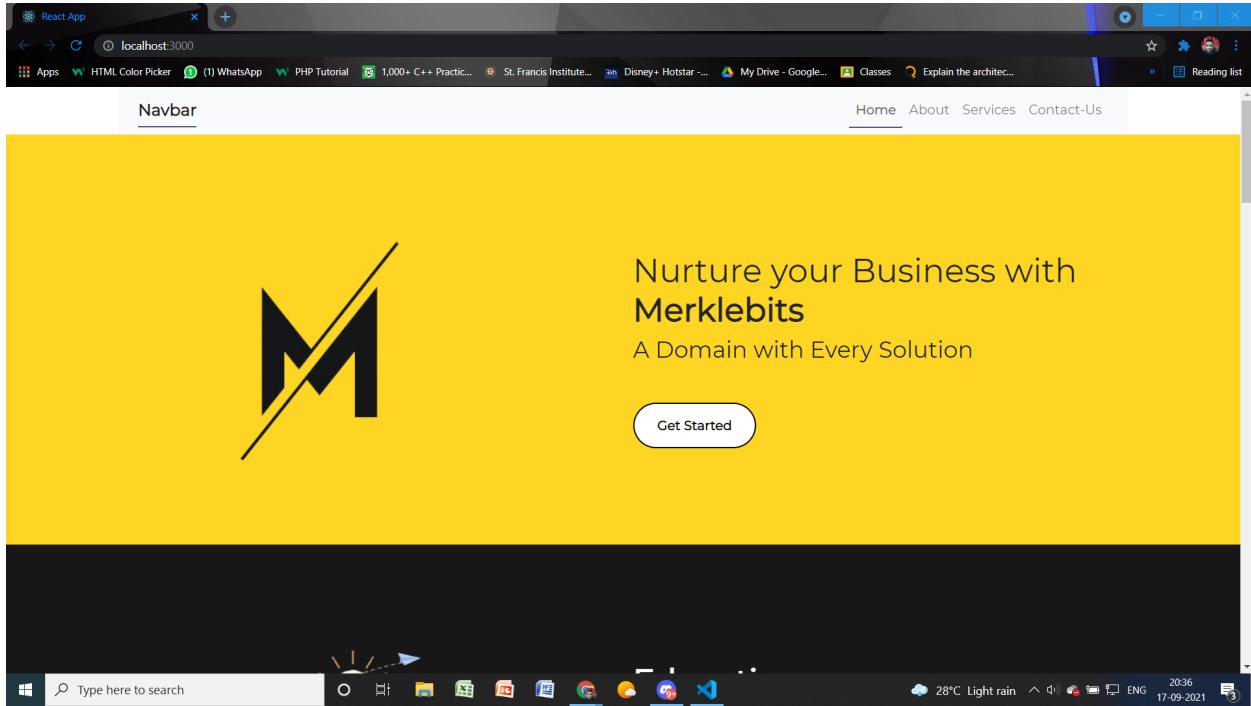

**7)Everything has been updated on trello and github**

**Trello Board:**

# Output for Software

The screenshot shows a web browser window with a dark theme. The title bar says "Software Department" and the address bar shows "127.0.0.1:8080/software.html". The page content includes a heading "Become a Developer", a subtext about teaching students fundamentals of latest technologies, and a blue button "Start The Enrollment". To the right is a cartoon illustration of a person holding a laptop. Below this is a blue banner with a "Sign Up For Our Newsletter" form containing an "Enter Email" input field and a "Submit" button.

The screenshot shows a web browser window with a dark theme, identical to the previous one. The title bar says "Software Department" and the address bar shows "127.0.0.1:8080/software.html". The page content features a heading "Our Projects" and three project cards:

- Safety Critical Medical Device**: A doctor and patient examining an X-ray on a tablet.
- Financial & Payment System**: Two people interacting with a payment terminal.
- Safety Critical Defence Project**: Three large satellite dish antennas.

Each card has a brief description and a detailed paragraph below it. The bottom of the screen shows a Windows taskbar with various icons and system status.

The screenshot shows a web browser window titled "Software Department" with the URL "127.0.0.1:8080/software.html". The page has a dark blue header with navigation links for "Main Organization", "Our Projects", and "Team Leads". The main content area features a title "Our Team Leads" and a subtitle "Our Leads all have 5+ years working as a developer in their respective field of work". Below this, there are four team member profiles in a grid:

- John Doe**: A man with a beard in a dark shirt. Description: "John is our Web Development Team Lead. He knows Frameworks like React, Angular, Express and Django." Social media links: Twitter, Facebook, LinkedIn, Instagram.
- Jane Rodwell**: A woman in a white top. Description: "Jane is our App Development Team Lead. She knows to work with Android studio and Flutter." Social media links: Twitter, Facebook, LinkedIn, Instagram.
- Steve Smith**: A man with a beard in a dark hoodie. Description: "Steve is our Cyber Security Team Lead. He is the master behind our websites being safe" Social media links: Twitter, Facebook, LinkedIn, Instagram.
- Sara Williams**: A woman with long hair. Description: "Sara is our Graphics Team Lead. She can work with canva, blender and photoshop." Social media links: Twitter, Facebook, LinkedIn, Instagram.
